

KWANTLEN STUDENT ASSOCIATION ANNOUNCES 3RD ANNUAL CRAM JAM

SURREY, BC – The Kwantlen Student Association in concert with 99.3 The Fox has announced its' third annual Cram Jam event to take place on September 26, 2008. The event is headlined by Sloan and features 2007 Fox seeds winner Daniel Wesley and Ten Second Epic in addition to a number of other acts for this day long festival at the Cloverdale Agriplex.

"Kwantlen has never in its history put on an event of this magnitude" said Trevor Loke, Director of Events and Student Life and Chairperson of the Kwantlen Student Association. "The talent of this show gives students and the community something to be truly proud of and gives us something which we can continue to build upon each year."

For the past two years the Kwantlen Student Association has hosted concerts independently on campus featuring bands including: Marianas Trench, Ill Scarlett and State of Shock. This year, students are partnering with outside organizations such as 99.3 The Fox radio station to make Cram Jam the major event of the welcome back to school period.

Kwantlen students will be able to purchase tickets at a discounted price from student association offices; all other tickets will be available online through clubzone.com. For more information please visit cramjam.ca.
