

# KSA Student Services NEWSLETTER

Issue 1 | 2013.02.13

Hello, members of the KSA (i.e., all KPU students)! This is the first edition of the KSA's quarterly newsletter on student services. This is another way that I hope to use to keep you up-to-date on the work we do to expand and develop services for you, our members.

As the executive responsible for student service delivery, I bring ideas to the table and make recommendations to our student services committee, which in turn recommends ideas to the students' council to be approved.

I would love to hear your ideas and advice on what we can do to enhance the discounts and student services that the KSA provides. You can reach me at any time at [services@kusa.ca](mailto:services@kusa.ca)!

I wish you a fantastic semester!

Yours in solidarity,

**Christopher Girodat**  
Director of Student Services

## DISCOUNTS

### KSA DISCOUNT CARDS

The students' council, last Fall semester, approved a pilot project for a customised KSA discount card. You can pick up your **FREE** card at the KSA member services office on any campus. We are in discussions with a bunch of potential discount partners to add even more value to the card, so stay tuned for more.

You can use your KSA discount card for discounts on select restaurants, apparel, books, computers, laptops, software, and health and lifestyle products. If you have any ideas for discounts you think would add even more value to the KSA discount card, e-mail the director of student services at [services@kusa.ca](mailto:services@kusa.ca)!

### ST. JOHN AMBULANCE

Did you know that, as a member of the KSA, you're eligible for discounts on first aid training at St. John Ambulance? Well, now you do! For the "Emergency Industry" course, you save \$45 (almost 50%). For a bunch of others, you save between 5 and 20% on your courses.

Being first aid trained can be very helpful in whatever career path you choose. Visit the KSA member services office on any campus for details about how to access your discount.

at work, home and play

# DISCOUNTS

## STEVE NASH | FITNESS WORLD

As a part of the KSA MultiPass program, we're proud to offer a \$5/month membership to 16 locations of Steve Nash | Fitness World!

If you're looking for even more, we're also happy to be able to offer a \$20/month deluxe pass, which includes access to Steve Nash Sports Centres. Whichever your choice, head to the KSA member services office on any campus for more details, and to pick yours up.

## MOBILE DENTAL SERVICES

We know that students are strapped for cash and time, which is why we are proud to have a partnership with Healthy Smile, a mobile dental services provider, **FREE** to KSA members who are on the KSA extended health & dental plan. And best of all, they come to campus for you.

For more details on what's provided, or to sign up for an appointment, come visit us at the KSA member services office on any campus.

# NEW SERVICES

## WATERFILLZ MACHINES

Last year, the students' council approved the purchase of water units for every KPU campus, for **FREE**, clean, chilled water, in convenient locations. You can expect to see these installed and ready to use by the end of the month!

## HARVEST BOXES

At the start of February, the students' council approved a harvest box program to provide heavily discounted access to fresh and local vegetables for KSA members.

Twice per month, KSA members (i.e., you) will be able to order ten-pound boxes of vegetables for as little as \$5! Keep your eyes peeled for posters and announcements on the start date.

## KSA MULTIPASS BURSARIES

This semester, the students' council approved rules for KSA MultiPass hardship bursaries. Come this summer, if you are experiencing financial hardship as a result of KSA MultiPass fees (which includes the U-Pass B.C.), you can apply for a bursary to offset the cost.

Visit the KSA member services office on any one of our campuses for more details, or to apply for a Summer semester bursary once Summer semester registration has started.
